

Dr. Sanjay G C

MVSc, PGDAEM
Vet Physician & Certified Nutritionist

Dr. Sanjay is a compassionate and dedicated veterinarian with over **7+ years of clinical experience in animal healthcare, preventive medicine, and nutrition**. He is committed to delivering high-quality, personalized care while building meaningful relationships with both pet parents and their beloved companions.

He holds a Bachelor's and a **Master of Veterinary Science (M.V.Sc.)** degree in Veterinary Science from Bangalore Veterinary College. Additionally, he has completed a diploma in Animal Extension Management from MANAGE, Hyderabad.

Dr. Sanjay has extensive expertise in pet medicine, having managed the healthcare and diagnosis of more than 5,000+ pets. He has conducted over **10,000+ routine checkups, including vaccinations and home visit services across Bangalore**.

His clinical experience spans the diagnosis and treatment of a wide range of medical conditions in companion animals, including dogs, cats, and small mammals. He is proficient in utilizing diagnostic tools such as radiography, C-arm, ultrasound, and laboratory testing to deliver precise and timely care.

Deeply committed to preventive care, Dr. Sanjay actively educates pet parents on nutrition, behavior, and wellness strategies to support lifelong animal health.

He has served as a **consultant physician at more than 10 leading veterinary hospitals** in the Bangalore region. In addition, he has worked as a **technical consultant for multinational animal healthcare companies, providing expertise across more than 5 countries, including Pan-India operations**.
